

# CITRUS AND MELON PACKING SYSTEMS

The Benchmark Series Citrus Packing System is fully automatic and is capable of loading multiple smaller citrus fruits, in multiple configurations, into waiting baskets or boxes. The system is capable of controlling the flow of boxes in and out of the workcell for a smooth, continuous box loading operation. Each system can be tailored to individually fit customers' specific size and weight product and can be adapted for different pack patterns and box sizes.

## Specifications

- Operator and maintenance friendly
- Supplied with quick change vacuum tooling
- Small production floor footprint
- Provides multiple pick and place patterns
- Fast and efficient

## Options

- Single pick/single pack
- Multiple pick/multiple pack
- Complete fruit staging and positioning
- Basket/box conveyors and controls
- Semi automated bag pack option
- Vision inspection, color
- Vision inspection, size

Can be adapted for:

- Cantaloupes
- Watermelons
- Honeydew Melons
- Onions
- Tomatoes
- Pomegranates
- Grapefruit
- Oranges
- Apples
